

Privacy Statement

Liber Dock B.V. respects the privacy of all visitors to this website and also respects the Dutch Personal Data Protection Act [Wet Bescherming Persoonsgegevens]. Personal data collated via this website for the purpose of supplying information or publications, are used exclusively to satisfy your request. By using our knowledge portal, you give your consent to the processing of your data by both Liber Dock B.V. and by BaseNet Internet Projects BV ("BaseNet"), the manager of the knowledge portal. This processing is aimed exclusively at allowing you to use our knowledge portal to best effect, with a view to simplifying your day-to-day work. When you use our knowledge portal, you log in to the secure page of BaseNet and all data are encrypted by BaseNet by means of SSL (secure socket layer) protection. BaseNet also respects the privacy of all users of its websites and ensures confidential use of the personal information, in accordance with the Personal Data Protection Act. Your information will not be used for any other purpose. Your information will not be passed to third parties without your consent, unless it proves necessary in order to deal with your request.

Cookies

You can visit our website anonymously and find out more about Liber Dock B.V. by doing so. We regularly collect information about those using our website, such as the length of visit, pages viewed, etc. We cannot identify you on the basis of this information. We also collect IP addresses but this information will also generally not be traceable to your identity. Your IP address will only lead as far as the name of your access provider or company network. We only collect your personal data if you voluntarily give us your email address, for instance in order to receive our newsletter or to receive more detailed information.

Liber Dock B.V. uses two types of cookies:

- functional cookies and
- analytical cookies.

Functional cookies are needed for the correct functioning of (parts of) the websites of Liber Dock B.V. Liber Dock uses analytical cookies (such as Google Analytics) to gain an insight into how the website is being used and for generating (anonymous) reports on this. Without any anonymous input from visitors, we have no idea about the use of the website or how we can improve it. The information obtained via Google Analytics is saved by Google on servers in the USA. Google subscribes to the Safe Harbor Programme of the US Department of Trade. For further information, read Google's Privacy Policy.

If you use our knowledge portal, you will end up in BaseNet's secure environment. BaseNet has its own policy on cookies, which you can find [here](#).

If you do not want to accept any cookies at all, from any website, you can set this up in the standard settings of your browser. However, we would point out that this means you will not be able to use all the facilities on this website.

Liber Dock B.V. reserves the right to amend this Privacy Statement at any time, in line with the applicable legislation on privacy. We therefore recommend that you should visit this website regularly for the most up-to-date version of our Privacy Statement.
